Canada

Dear Dr. Schneid,

Your letter addressed to the WCC has been passed on to me presumably because it is my job to deal with publications for the Council. I have however discussed the matter with Dr. Niilus, Director of the Churches Commission on International Affairs. He tells me that he would not be able to sign your appeal to the UNO just as it stands at the moment but would gladly study the proposals you make in your book, and consider signing once he knows more what these are.

Could I therefore suggest that you forward to us a copy of your book?

With all good wishes,

Yours sincerely,

Martin Conway
